Acting Secretary to Government, Revenue Department,

Bombay.

Bombay, 18th July 1887.

Sir,

I have the honour to submit for the information of Government the Administration Report, under Act III. of 1877, of the Registration Department of the Presidency of Bombay, Province of Sind, Cantonment of Deesa, and Settlement of Aden for the year ending 31st March last. The report on the working of the village registration system under Chapter VIII. of the Deccan Agriculturists' Relief Act will, as usual, form the subject of a separate communication, to be submitted hereafter to Government in the Judicial Department.

Introduction.

2. The total number of registrations recorded in our books during the past year stands at 112,412, being the highest number yet recorded in any one year and exhibiting an advance of 4,056 transactions as compared with the figures for 1885-86. The totals for each year since 1865-66 are marginally shown.

Increase in registration, taking the Presidency as a whole.

1865-66	...	79,603	1876-77	...	76,381

1875-76	...	75,550	1886-87	...	112,412

3. The above-named increase of 4,056 registrations is equivalent to 3·74 per cent. Compulsory registrations have increased from 81,238 to 85,474; the difference of 4,236 transactions representing an increase of 5.21 per cent. Optional registrations have declined in number from 27,118 recorded in 1885-86 to 26,938 in the past year, the decline of 180 transactions in this class being equivalent to about ·66 per cent. In 1885-86 the proportion of optional to compulsory registration was 33·38, while in the year under report it has been 31·51.

Increase or decrease in the various districts.

4. Annexed is a statement showing those districts in which the numbers have risen and those in which they have declined :—

5. Taking the two classes of optional and compulsory registrations together it will be observed from the above that there has been an increase in 18 districts and a decrease in 8.

Districts showing an increase.

6. Among the districts in which the figures have gone up the highest absolute increase, represented by 1,749 transactions, appears against Khándesh, the highest relative increase, equivalent to 100 per cent. on the figures for the preceding year, appearing in the district of Deesa. The Registry Office of Deesa was, it should be remembered, open during only 5 months of the earlier of the two years. In the four Deccan districts of Ahmednagar, Poona, Sátára, and Sholápur the increase is in every case more or less pronounced. The cause for this is to be found in the fact that a recent change in the law has, in those districts since the 1st of last January, led to a number of deeds being registered under the Registration Act which would otherwise have been registered by Village Registrars under the provisions of Chapter VIII. of the Deccan Rayats Relief Act. This operating cause has only been in existence during three months of the year with which this report deals and has already done much to swell the returns under the Registration Act in the four districts referred to. The increase in Khándesh is attributed by the Registrar to the fact that an abnormally good season did much towards strengthening the credit of the borrowing classes. The percentage of increase is also high in the districts of Aden and the Upper Sind Frontier. As regards Aden no special cause is named as being at the bottom of the upward movement, while as regards the Upper Sind Frontier a failure in the crops is mentioned as having driven a number of the agricultural class into the hands of the money-lenders. In the district of Bombay a general rise in the value of property is named as the cause of the fairly substantial increase. All the remaining cases of district increase appearing in the statement below paragraph 4 are of comparatively minor importance.

Districts showing a decrease.

7. Of the 8 districts exhibiting a decline in the number of their transactions Kaira is the only one in which the downward movement is very marked. In that district the falling off of 1,488 transactions is equivalent to 16·72 per

cent. on the figures for the earlier of the two contrasted years. In the report for that district the decrease is attributed to a scanty harvest, poverty of the cultivating class, dulness of trade, and tightness of money. For my own part I am inclined to view the heavy decline under reference as merely a marked instance of inevitable reaction. In Kaira in the preceding year, owing to the abnormally large number of Hindu marriages which had been celebrated during that period, the figures had, compared with 1884-85, gone up with a rush. The pendulum has now swung the other way. In no other district is the decline at all pronounced. In the report from Kolába I find a passage which should rejoice the hearts of the apostles of temperance. "The Sub-Registrar of Panvel ascribes the decrease in his táluka to the abstention of the people from drink and the consequent reduced need to borrow money."

8. In the 9 districts of Khándesh, Násik, Bijápur, Ahmednagar, Sátára, Sholápur, Aden, Shikárpur, and Upper Sind Frontier there has been an increase both in the optional and compulsory class; in the 5 districts of Kaira, Dhárwár, Ratnágiri, Kolába, and Broach both classes exhibit a decline; 10 districts, those of Belgaum, Surat, Kánara, Bombay, Poona, Panch Maháls, Deesa, Hyderabad, Karáchi, and Thar and Párkar show an increase in compulsory, but a decrease in optional, and in the 2 districts of Ahmedabad, and Thána optional registrations have increased, while compulsory registrations have fallen off.

Increase in Sind.

9. Dealing with the Province of Sind as a whole we find an increase of 648 transactions equal to 6·54 on the totals of the preceding year. The following is extracted from the report of the Branch Inspector-General:—

"The year's operations as will be seen from the above table show that the total number of registrations in the whole province have risen from 9,904 to 10,552, giving a net increase of 648 documents. This increase consists principally in the instruments of mortgage of the value of Rs. 100 and upwards registered in the Karáchi, Hyderabad, Shikárpur, and Upper Sind Frontier Districts. In Thar and Párkar there is, however, decrease of 4 documents.

"The above increase is chiefly due to the failure of crops in the Karáchi, Shikárpur, and Upper Sind Frontier Districts. For the increase in the Hyderabad District the District Registrar states that the people finding landed property rising in value day by day refrained from disposing of their lands but willingly mortgaged them.

"The decrease in Thar and Párkar is insignificant and needs no comment.

"The falling off in leases for a period exceeding one year is most marked in the Shikárpur District where the Manager of the encumbered estates leased out a smaller number of estates than in the previous year.

"The Registrar of the above district also attributes the decrease to the fact that no shops were let on rent in Lárkhána as was done in the previous year.

"The Acting Branch Inspector-General is inclined to attribute at any rate some portion of the increase in mortgages and decrease in leases to the influence of this office in the classification of documents. It has been necessary over and over again during the year to point out that documents originally treated as leases are mortgages under the Indian law, and this must have had some effect in altering previous custom and transferring a number of documents from one class to the other.

"The decrease under the head 'other instruments' is due to the exemption of notices of relinquishment of land from registration.

"The increase in bonds is chiefly noticeable in the Upper Sind Frontier District where 44 were registered against 12 in the previous year. This is attributed by the District Registrar partly to the introduction of the temporary settlement and partly to the failure of crops."

Changes in the relative position of the districts when arranged according to the number of registrations in each during the year.

10. There have been a number of changes in the Presidency proper in the relative position of the districts, judged by the number of their transactions, as compared with the preceding year. Belgaum has gone up from the fifth to the third place, passing over the heads of Ahmedabad and Dhárwár. Násik has risen from the sixth to the fifth place, giving in doing so the go by to Dhárwár, which has thus lost two places. Thána and Surat, respectively seventh and eighth in 1885-86, have exchanged

places in the year under report. Poona, owing to causes already named in paragraph 6, has risen from the fourteenth to the ninth place, passing over Kánara, Ratnágiri, Kolába, Broach, and Bombay, the last-named district having in its turn risen from the thirteenth to the twelfth place, passing over in doing so the districts of Kolába and Broach which have thus each lost two places. Ahmednagar, and Sátára, which were respectively sixteenth and seventeenth in the preceding year, have changed places during the period under report. There has been no change in the order of the districts in Sind.

11. The annexed figures show year by year since 1865-66 the number of wills registered in the offices of the Department. Four more wills have been registered in 1886-87 than in the preceding year, the increase representing ·38 per cent. Every district, save those of Aden, Deesa, the Upper Sind Frontier and Thar and Párkar, has during the past year contributed to the total of 1,030 registrations, above-named. The largest district total under this head appears against Ahmedabad where there have during the past year been 139 will registrations, though this is 32 less than the district total for the preceding year. Kaira, Surat, and Poona are three other districts in which in each case the total for the year is in excess of 100.

Authorities to adopt.

12. No authority to adopt has been registered during the past year. In 1885-86 two such documents found their way into our books.

Transactions in Book No. V.

13. In the past year 24 wills have been deposited, 5 withdrawn from deposit, 4 opened, and 3 removed for record in Court, against 28 deposited, 11 withdrawn from deposit, 7 opened, and 4 removed for record in Court during the preceding year.

Copies of certificates of sale and certificates under the Land Improvement Act.

14. 5,983 copies of certificates of sale have been filed in Part III. of Book No. I. during the past year, against 6,036 during the year preceding. During the period under report the number of certificates under the Land Improvement Act filed in our offices has been 217 against 383 in the earlier period.

Synopsis of information contained in Statements II. and VIII.

15. The following table contains in an epitomised form the greater portion of the information derivable from Statements II. and VIII. of the Appendix to this report. It is necessary to explain that the figures contained in column 14 of the latter statement are omitted from the "aggregate value" column of the subjoined table, as the contents of column 14 relate to the fines or premiums paid on all the three classes of leases named in Appendix Statement VIII., and from the information available these fines or premiums cannot be distributed amongst their respective classes of leases. That being so, it is requisite to bear in mind that, as regards leases, the aggregate values and the average values which are shown relate to rent alone:—

16. Exclusive of wills and authorities to adopt the deeds registered during the past and preceding year are grouped under 13 heads in the above statement. Compared with the earlier period there has been an increase in the numbers in six classes and a decline in six, while in one, "certified copies, &c.," the numbers are the same for each year. In no case can the upward or downward movement as regards numbers recorded be said to be very remarkable. As regards the average value there is a marked rise under the head of "deeds of gift" and a still more marked rise under that of "miscellaneous deeds," while the fall in average value as regards certified copies of decrees and orders of Courts is extremely pronounced. In the remaining classes the fluctuation in average value does not in any case appear to be out of the common.

Deeds of gift.

17. (*a*). While for the entire Department the number of registrations of deeds of gift of immoveable property has declined during the year, taking the districts one by one, an increase appears under this head in 13 districts and a decrease in 10 in the past year as compared with 1885-86, while in Bombay the number is the same for the preceding year, and in the 2 districts of Deesa and Upper Sind Frontier no such registration appears during either period. The Sátára District heads the list with 92 of these registrations during the past year.

Deeds of sale of Rs. 100 and upwards.

(*b*). The following figures show the registrations in the class of deeds of sale of Rs. 100 and upwards during the five years immediately preceding that under report, and the yearly average for that period :—

1881-82	21,829
1882-83	23,749
1883-84	26,556
1884-85	28,286
1885-86	28,908
Total ...	1,29,328
Average ...	25,865

The numbers in this class for the past year being 30,303 are 4,438 in excess of the quinquennial average indicated above. 19 districts exhibit an increase in the numbers in this class compared with the results in 1885-86, the 7 districts of Ahmedabad, Broach, Kaira, Panch Maháls, Kolába, Hyderabad and Shikárpur being credited with a decline. The most marked case of increase appears in the District of Khándesh, the most prominent instance of decline in that of Kaira.

Deeds of sale of less than Rs. 100.

(*c*) In the class of petty deeds of sale the figures for the five years preceding the past year are as follows :—

1881-82	... 7,347
1882-83	... 8,857
1883-84	... 10,134
1884-85	... 10,495
1885-86	... 10,425
Total	... 47,258
Average	... 9,451

The numbers (10,320) for the past year in this class are 869 in excess of the yearly average given above. The 13 districts of Bombay, Ahmedabad, Broach, Kaira, Surat, Kolába, Ahmednagar, Poona, Sátára, Dhárwár, Deesa, Hyderabad, and Thar and Párkar show a falling off under this head during 1886-87 as compared with the preceding year, the converse being the case in 12 out of the remaining 13 districts, while in the district of Aden the number is the same for each year.

Perpetual Leases.

(*d*) In this class, one of those of minor importance as regards the number of registrations recorded, it appears unnecessary to give the figures for the 5 years preceding that under report. In 8 districts there has been an increase in this class, in 12 a decline, in 2 the number is the same for each year, while in 4 there has been no such registration in either year. Kánara heads the list with 1,260 of such registrations—a decline of 128 on the number for 1885-86—out of the departmental total of 2,261 for the year. There is a considerable decrease under this head in the district of Surat, (from 432 in 1885-86 to 358 in 1886-87.)

Leases exceeding one year.

(*e*) The following figures illustrate the transactions, year by year, in the class of leases, other than perpetual leases, for a term exceeding one year, the yearly average being also given :—

1881-82	... 5,454
1882-83	... 5,756
1883-84	... 6,232
1884-85	... 6,738
1885-86	... 7,663
Total	... 31,843
Average	... 6,368

The total for the past year in this class stands at 8,963, *i. e.*, 2,595 registrations in advance of the yearly average given above. Ahmedabad, Broach, Kaira, Kolába, Ratnágiri, Thána, Hyderabad, Shikárpur, and Thar and Párkar exhibit a decline under this head. In Deesa there has been no such registration in either year, while in the 16 remaining districts an increase is observable. Poona, Sátára, and Belgaum are those districts in which the increase under this head is most prominent.

Leases not exceeding one year.

(*f*) Leases for terms not exceeding one year form another petty class judged by their numbers. The figures for the entire Department under this head show a rise from 2,274 registrations recorded in 1885-86 to 2,370 in the past year. Fourteen districts exhibit an increase and 9 a decline in this class, while in 3, (Aden, Deesa, and Thar and Párkar), no registrations of the nature under reference have been recorded in either year.

Mortgages of Rs. 100 and upwards.

(*g*) For the class of more important mortgage transactions the five years' figures are subjoined, together with the yearly average for that period :—

1881-82	...	...	...	... 27,251
1882-83	...	...	...	... 27,551
1883-84	...	...	...	... 31,401
1884-85	...	...	...	... 34,791
1885-86	...	...	...	... 36,414
			Total	...1,57,408
			Average	... 31,481

The number (38,618) of these transactions in the past year is in excess of the quinquennial average by 7,137 transactions. Broach, Kaira, Kolába, Ratnágiri, Dhárwár, and Thar and Párkar are the only six districts in which, during the past as compared with the preceding year, a falling off appears in this class of registrations.

Mortgages of less than Rs. 100.

(*h*) In the class of petty mortgages the following are the five years' figures, with yearly average for that period appended :—

1881-82 ...	...	...	...	... 4,946
1882-83 ...	...	...	...	... 5,984
1883-84 ...	...	...	...	... 6,863
1884-85 ...	...	...	...	... 7,421
1885-86 ...	...	...	...	... 7,880
			Total	...33,094
			Average	... 6,618
				5,907

The number (7,647) in this class in the past year is in excess of the yearly average by 1,029 transactions. Fifteen districts—Broach, Kaira, Surat, Kolába, Ratnágiri, Thána, Poona, Sholápur, Belgaum, Bijápur, Kánara, Karáchi, Hyderabad, Shikárpur, and Thar and Párkar exhibit a decline in this class in 1886-87 as compared with the result for 1885-86. The remaining districts show an increase, save Aden and Deesa, where no such registrations were recorded during either year.

Other instruments.

(*i*) "Other instruments" of immoveables, in which term are comprised partition deeds, releases, reconveyances, acknowledgments, assignments, &c., of immoveable property exhibit for the past year a decrease on the yearly average for the past five years as what follows will show :—

1881-82	...	...	...	... 3,725
1882-83	...	...	...	... 4,304
1883-84	...	...	...	... 6,388
1884-85	...	...	...	... 9,049
1885-86	...	...	...	... 6,069
			Total	... 29,535
			Average	... 5,907

The 12 districts of Broach, Kaira, Panch Maháls, Ratnágiri, Thána, Násik, Sholápur, Belgaum, Dhárwár, Karáchi, Hyderabad, and Shikárpur show a decline under the head under reference as compared with the results for the preceding year, the converse being the case in 12 out of the remaining 14 districts, while in the district of Khándesh the number remains the same for each year, Deesa producing no such registration in either year.

Certified copies of decrees and orders of Courts.

(*j*) In this small class 19 out of 26 districts have had no such transactions registered in their offices during the past year. The entire number of registrations under this head during the past year throughout the Department has only amounted to 22.

(*k*) In the class marginally noted, in which the figures for the whole Department show an increase from 1,132 registrations in 1885-86 to 1,354 in 1886-87, there has been a decrease in the year under review as compared with the preceding year in the 9 districts of Bombay, Broach, Panch Maháls, Kolába, Ratnágiri, Poona, Belgaum, Kánara, and Karáchi; and an increase in 14 out of the remaining 17 Districts, while in the district of Sátára and Aden the numbers are the same for each year, and in Deesa no such registration has taken place during either period.

Deeds of sale of meveables.

(*l*) The registration of bonds has, during the past year, been on the increase in 12 districts and on the decline in 13, while in 1 (Deesa) there was no such registration in either year. For the entire department the numbers have increased from 858 in 1885-86 to 885 in 1886-87.

Bonds.

(*m*) Miscellaneous deeds of moveable property have, in point of the number registered throughout the entire Department, decreased from 2,269 in 1885-86 to 2,135 in 1886-87. Twelve districts show an increase and 12 a decrease under this head during the past year, while in one district the number is the same as for the previous year in Deesa no such registration has taken place during either period.

Miscellaneous deeds.

18. The subjoined table exhibits for 1886-87 the average value per registered transaction, district by district, of all classes of deeds taken together, compared with the average value in the previous year:—

Average value of transactions, district by district.

19. It will be noted from the above that the average value has increased in 19 districts and declined in 7. There is an extremely large increase in average value in the Aden District, due to the registration in that settlement of two deeds of, for Aden, an abnormally high value. In Bombay, in Deesa, and in Karáchi, the increase in average value is in each case of a substantial nature.

20. Dealing with the Department as a whole and setting on one side the 1,030 wills registered during the past year, and also 595 documents in which no value or consideration was shown, the average value per transaction, taking all classes of deeds together, has during 1886-87 proved to be Rs. 583-14-8 against Rs. 542-9-9 in the preceding year. In the real property class the average value per transaction has been Rs. 568-9-7 against Rs. 533-1-9 in the earlier period. In the moveable property class the average value which stood at Rs. 669-8-3 in 1885-86 has, during the year under report, risen to Rs. 879-3-3.

Average value of all transactions and average value in the two classes of "real property" and "moveables" taking the Department as a whole.

21. The aggregate stated value of property affected by instruments registered in the past year has amounted to Rs. 6,46,90,809-14-10 against Rs. 5,77,98,577-12-9 in 1885-86, the increase representing a sum of Rs. 68,92,232-2-1, of which the Bombay District has contributed Rs. 38,58,451-10-6. In real property the value has risen from Rs. 5,49,47,100-10-8 in the earlier to Rs. 6,08,45,162-6-7 in the later year, while in moveable property the value has increased from Rs. 28,51,477-2-1 to Rs. 38,45,647-8-3. In the former case the increase is represented by a sum of Rs. 58,98,061-11-11, in the latter by one of Rs. 9,94,170-6-2. Twenty-two districts exhibit an increase in real property and 4—Broach, Kaira, Kolába, and Dhárwár—a decline. In moveable property the 13 districts of Bombay, Broach, Kaira, Kháudesh, Násik, Poona, Sátára, Belgaum, Bijápur, Aden, Hyderabad, Shikárpur, and Upper Sind Frontier show an increase in value, while the converse is the case as regards the remaining 12 districts, the district of Deesa producing no such registration in either year. Taking the aggregate value of both classes together the returns for the past year show an increase in 22 districts and a decline in 4.

Aggregate value.

22. The following have been the average registration fees during the past year:—Compulsory Rs. 2-1-11; optional immoveable, Re. 0-6-11; optional miscellaneous, Rs. 1-12-5; against Rs. 2-1-5, Re. 0-6-7, and Rs. 2-0-2 in the year preceding. Taking all classes of instruments together the average registration fee has been Rs. 1-12-6 in 1886-87 against Rs. 1-11-11 in 1885-86.

Average Registration Fees.

23. The miscellaneous operations of the past year are set forth in the subjoined statement and contrasted with those for 1885-86:—

There is an increase in the totals in only three out of the eight classes appearing in the above table, namely, "Visits paid," "Applications for copies and searches," and "Commissions." The steady increase, which, year by year, appears under the head of applications for copies, &c., is a very satisfactory feature, evidencing as it does the increased reliance which the public are placing on the checks provided by the registration law.

Refusals to register.

24. During the year under review there have been 370 cases of refusals to register against 402 in the preceding year. Out of the above 370 refusals there arose 72 appeals or applications to Registrars. In 58 of these last-named cases registration was ordered by the appellate authority, in 12 the order of refusal was confirmed, and two cases were pending at the close of the year. There appear to have been only 4 instances of applications to Registrars for the recovery of costs arising out of an enquiry under Section 74.

Impounded Deeds.

25. In 1885-86 the number of deeds impounded on the ground of insufficiency of stamp was 406. During the past year the number of impoundings fell to 317. In 79 of these latter cases the Collector ruled that the stamp was sufficient, while in 199 the action of the Collector was confirmatory of the view taken by the impounding officer. In the remaining 39 instances the question at issue awaited disposal when the year closed.

Receipts.

26. The Departmental receipts for the past year are exhibited in the following statement, classified under 18 different heads and contrasted with the collections for 1885-86, as well as with the average annual collections during the quinquennial period immediately preceding the year under report. :—

			Deduct Decrease ...	10,456 6 3	
			Net Increase ...	2,931 4 5	

27. From the above it will be observed that our receipts for 1886-87 have exceeded those during the preceding year by Rs. 2,931-4-5. There is an increase under 6 heads, and a falling off under 12, compared with the results in the earlier year. Comparing the figures for the past year with those appearing in the quinquennial average column it will be noted that the average realization has been exceeded in all the more important classes. The increase in realizations on account of registration fees in the compulsory class is very marked. As regards the heads under which a decrease is observable, the only two which appear to call for comment are wills and authorities to adopt, and copying-fee, &c. In both cases the decline is due to a reduction in fee rates. The will registration fee was towards the close of the year 1885-86 reduced by one-half, *i.e.*, from Rs. 4 to Rs. 2. Our copying charges were on the 1st of September last reduced from $2\frac{1}{2}$ annas to 2 annas per folio of 100 words. The older and higher rate, I may remind Government, has, owing to financial exigencies, since been reverted to with effect from 1st of April last.

Expenditure.

28. The expenditure of the Department during the past year is classified under the various heads of charge in the subjoined statement, and is therein contrasted with the preceding year's expenditure, and also with the average expenditure under each head for the five years immediately preceding that under report :—

			Deduct Decrease ...	2,185 4 3	
			Net Increase ...	2,418 10 1	

29. The above statement shows that there has been an increased expenditure under five heads of charge, and a reduced expenditure under the remaining four, the net result being an increase amounting to Rs. 2,418-10-1. The increase in fixed salaries of registering officers is due partly to the opening of a new Sub-Registry Office in one of the Gujarát Districts, and partly to the fact that the Sind Inspectorship has been in existence throughout the entire year under report, and during only a portion of the preceding year. The increased percentage payments are due partly to increased registrations and partly also to a change in the system of calculating fee commission in the Bombay District, which came into operation on 1st April 1886. Owing to the heavy work in the Bombay Office the permanent establishment has had to be enlarged, which accounts for the increased expenditure under the head under reference. Larger issues of books and forms to Registrars and Sub-Registrars have slightly increased the (hypothetical) charges for printing and stationery due to the Central Press in Bombay and the Press of the Commissioner in Sind at Karáchi. The increase in miscellaneous charges is mainly due to a number of heavy refunds sanctioned by me during the past year under Section 70 of the Registration Act in the Bombay District. The enlargement of the permanent establishment in the Bombay Office and the absorption thereby of a number of temporary clerks is the cause of reductionunder the head of "Temporary Establishment." The saving in travelling allowance is due principally to my having made a somewhat later start than usual on tour after the rains of 1886, and to my having in connection with certain of my duties as Inspector-General of Prisons had to remain in Bombay at a time when I should under ordinary circumstances have been on tour. The transfer of the Mándvi Office to the High Court premises in April 1886, and the absence during the past year of certain abnormal charges incurred for furniture in the preceding year have led to decreased outgoings under the head of "Furniture and House-rent." The decrease in the postal charges is too small to call for explanation. If a comparison be made between the expenditure during the past year and the average expenditure for five years it will be found that under seven heads the average has been exceeded, the converse being the case as regards the remaining two. The expenditure of the past year having exceeded the average under so many of the heads of charge is due to the increase in the business of the Department, which has of course brought with it enhanced receipts.

Receipts and expenditure in the various districts and offices.

30. During the past year, as compared with the year preceding, the receipts have increased in 14 districts and declined in 12. The expenditure has risen in 12 districts and in the offices of the Branch Inspector-General of Registration, and the Inspectors of the 2nd, 3rd, and Sind Divisions, and it has fallen in 14 districts, and in the office of the Inspector-General, and the Inspectors of the 1st and 4th Divisions.

31. Dividing the offices and the districts into two classes, those which pay their way, and those which do not, it will be found that amongst the latter category are, in addition to the 7 offices of supervision, the districts of Sátára, Sholápur, Aden, Deesa, and Thar and Párkar. Bombay naturally heads the surplus producing districts, with a very substantial net revenue of Rs. 30,086-1-6. Ahmednagar has again struggled into the list of paying districts, though with a very modest little surplus. The recent alteration in the registration provisions of the Deccan Relief Act, whereby certain deeds, belonging, according to the provisions of Section 17 of the Registration Act, to the compulsory registerable class, can no longer be registered by a Village Registrar, is already driving up the receipts in all the Sub-Registrars' offices of the four Deccan Districts, and I look to finding as the result of the current year that a surplus has been secured in all of the districts under reference. Possibly in time Thar and Párkar may pay its way, though Aden, and Deesa can hardly be reckoned on for doing so in the future. I annex a statement in illustration of the remarks contained in this paragraph :—

32. The registration surplus proper for the past year given in the above statement amounts to Rs. 74,179-8-8, being Rs. 512-10-4 in excess of the surplus proper for 1885-86, which stood at Rs. 73,666-14-4. The recent heavy reductions in the expenditure of this Department, arising out of the recommendations of the Finance Committee and carried out within the past few weeks, are bound to have a very marked effect on the yearly surplus of the future. The net revenue to be secured, therefore, during the current year should exceed by many thousands of rupees, the highest surplus which this Department has yet realized during any one year.

33. The departmental balance sheet appearing as No. IX of the Appendix statements to this report exhibits the gross surplus for the year amounting to Rs. 84,855-7-8, made up of the surplus proper as given in the preceding paragraph, and that which has accrued from the working of the Joint Stock Company's Act.

Balance Sheet.

34. On the 1st of April 1886, a new sub-registry office was opened in the town of Mahuda in the District of Kaira. There were, therefore, at the close of the year under report 26 registry and 216 sub-registry offices, all of the latter but 17 having been in charge of special or full-time men. The Mahuda Office, which I have mentioned above, has, as the result of its first year's operations, produced 426 registrations and a surplus of just over Rs. 500.

Offices.

35. I take this opportunity of correcting an error into which I fell when writing paragraph 37 of my report for 1885-86. In that paragraph I expressed my belief that we had nearly as many special Sub-Registrars in this

Department as all the remaining Registration Departments taken together. It is not so many years since such was the case, and when writing my report a twelve-month since I was under the impression that the lead which in the matter of special Agency this Department had taken for so many years had been fully maintained. The passage in last year's report, however, to which I am referring, led to my receiving a communication from the Inspector-General of Registration in Madras from which I learned that the number of special officers in the Madras Department is now very largely in excess of the number in this Department.

Inspections by Inspector-General.

36. During the past year I have visited and inspected 15 Registry and 29 sub-registry offices. My duties as Inspector-General of Prisons have had a marked effect in reducing my registration inspection score for the year, and it is very certain that in the future by reason of those duties I shall never be in a position to visit anything like the same number of sub-registry offices during a year as in the past I have been in the habit of doing. The annexed statement sets forth the names of the offices visited and examined by me during the year:—

Inspections by Branch Inspector-General of Registration.

37. The Branch Inspector-General has examined 3 registry and 8 sub-registry offices in the Province of Sind during the past year.

Inspections by Registrars and Assistant and Deputy Collectors.

38. The District Registrars have in all carried out 177 examinations of sub-registry offices during the year under report, while during the same period there have been 10 of such examinations on the part of Assistant and Deputy Collectors.

Inspections by Inspectors.

39. The Inspector of the 1st Division has examined 29 sub-registry offices, and the general indexes of 2 districts; the Inspector of the 2nd Division 30 sub-registry offices, and the general indexes of 2 districts; the Inspector of the 3rd Division 43 sub-registry offices; the Inspector, 4th Division, 24 sub-registry offices, and the general index of 1 district; and the Inspector in Sind 40 sub-registry offices.

Offices not inspected during the year.

40. Of the 242 registry and sub-registry offices of the Department only 8 of the former and 9 of the latter appear to have escaped examination during the year.*

Indexes.

41. The indexes of the various registry and sub-registry offices for the past year have already nearly all been bound.

Travelling Sub-Registrars.

42. During the past year an addition has been made to the number of travelling Sub-Registrars, the Sub-Registrar of Karjat in Thána District now visiting the town of Khálápur, (at which there was formerly a sub-registry office), at stated intervals. And while on the subject of travelling Sub-Registrars I would say that I am considering whether I should not come to Government and ask that the system in a specially developed form should be applied to the four Deccan districts. The recent change in the law referred to in paragraph 31 of this report has led to my receiving a considerable number of representations of the inconvenience now occasioned to large numbers of the agricultural class and to Sávkárs by having to resort to táluka or petha head-quarters for purposes of registration, instead of being able, as until recently, to proceed to the Village Registry office of the circle. The inconvenience in question is no greater now than it was when formerly in existence prior to the passing, in 1879, of the Relief Act. Where, however, special facilities such as those under reference are withdrawn and the old order of things is reverted to, the inconvenience of former years is inclined to be regarded as the hardship of the present. I think myself that it possibly might be of advantage in some of the tálukas of the Deccan to appoint, in addition to the existing Sub-Registrars at táluka head-quarters, joint Sub-Registrars, who should be more or less always on the move, visiting the head-quarters of the village registration circles of the táluka for the purpose of accepting for registration those deeds to which any local agriculturist is a party, and which under the recent change in the law must now be registered under the Registration Act. If the experiment were to be tried it could be so on a limited scale in the first instance and it could be done in an inexpensive manner, only lower grade sub-registrars being appointed at the outset.

Destruction of unclaimed deeds; deeds awaiting delivery on 1st April 1887.

43. During the past year 226 unclaimed deeds, purporting to relate to property valued at Rs. 66,790-8-7, have been destroyed under the provisions of Section 82 of the Registration Act. Of these 191 were registered deeds, 33 were deeds the registration of which had been refused, and

2 were deeds the proceedings regarding which had been adjourned. At the close of the year on 31st March last there were in all 5,008 deeds in our offices awaiting delivery.

Prosecutions.

44. During the past year, 11 persons have been prosecuted for offences against the Registration Law. Of these 5 were convicted, and six were discharged. Seven of the accused were prosecuted for the offence of false personation.

Record-rooms, Offices, &c.

45. No addition has been made during the past year to the number of our record-rooms. New sub-registrars' office rooms have been, or are about to be, constructed in the Mámlatdár's Kacheri at some 13 different stations, while in several of our offices minor improvements in the accommodation provided have been effected during the year.

Pársi Marriage Registrations under Act XV. of 1865, and Registrations under under Act III. of 1872.

46. During the past year 577 Pársi marriages have been registered under Act XV. of 1865 against 599 in the preceding year. Of these Bombay District has contributed 370, Surat 130, Broach 33, Thána 29, Poona and Ahmedabad 5 each, the Province of Sind 4, and the district of Sátára 1. There have been in the Poona District 3 registrations of marriages under Act III. of 1872.

Retirement of the late Registrar of Bombay and the late Joint Sub-Registrar of Bombay.

47. On the 1st of the present month, owing to the reductions carried out in this department in consequence of the recommendations of the Finance Committee, Khán Bahádur Byramji Dadabhai, Registrar of Bombay, and Mr. Keshava Kushaba Acharya, the Joint Sub-Registrar of Bombay, retired upon pension. The former had served for more than 21 years as Registrar, and for more than one year previously as a Sub-Registrar of the Presidency District; the latter had been a Sub-Registrar in the Presidency District for 22½ years. The event of their retirement does not belong to the record of the year with which this report deals, but I desire to take this early opportunity of expressing the regret I have experienced in parting with the two above-named most worthy officers, who, after having served Government for a number of years in other branches of the service, joined the Registration Department on its formation in January 1865, and who during the many years that I have been officially connected with them have at all times been characterized by a zealous, an intelligent, and, what is of no mean importance, a courteous discharge of their official duties.

I have the honour to be,

Sir,

Your most obedient Servant,

T. M. FILGATE,

Inspector-General of Registration and Stamps.
